

## SECOND CHANCE LOVE

### John 21

**“Forgiveness is Gods invention for coming to terms with a world in which people are unfair to each other and hurt each other deeply. He began by forgiving us. And He invites us all to forgive each other”**

*Lewis B Smedes*

Talk about what forgiveness IS and what forgiveness ISNT

Why do want to run away from our failures in life?

Describe what Peter needed to realize in this encounter with Jesus?

Why cant God just give us all the “mulligans” we need?

What is the price of our sin?

***“Do you love me?”***

Why is this at times hard question both for the asker and the person being asked?

Is there tangible ways of telling that you/I/we are really loved?

Why is it easier to speak those words than to fulfill them?
