Dear Committee Members,

I have finalised the Audit of for the period ended 30 September 2023.

The records were kept in accordance with the relative laws and regulations and the internal control and accounting systems are in good order, however I draw your attention to my comments below:

**Prior year adjustment**

I note that the bank has been adjusted by \$175 for the issue that was subject to adjustment in the prior audit year. The adjustment has shown in the financial statements in equity on the balance sheet. No changes are required to the MYOB file as a result of this.

Please call my colleague Lynda Soxsmith, 0431 013 922, if you require assistance with the above.

Yours sincerely,

John Beard
